"Building My Faith"

Words & Music: David Evans

Album: Unspeakable Joy

I believe in Jesus and now I have this destiny
I can live my purpose for His grace has set me free
Nothing is impossible in this atmosphere of faith
As I lift the name of Jesus life giving power fills this
place

Building my faith in Him, Building my faith in Jesus
Christ
We have every victory in this life
Building my faith in Him, Building my faith in Jesus
Christ
The victory has been won, It was bought by faith
It was bought by faith in God's son

I hear the words of Jesus like healing power within my
soul
I believe this story that His blood has made me whole
Nothing is impossible in this atmosphere of faith
As I lift the name of Jesus life giving power fills this
place
