I'm comin' around, I'm comin' around,
I'm comin' around tonight...
You got me lifted off the ground,
You make me feel alright!

I'm comin' around, I need you now,
I'm comin' around, don't let me down...
You make me fly, you make me high,
You make me feel alive!

So I'll be there,
Anytime, anywhere...
'cause, baby, somewhere...
down the line...

You got me fallin', fallin'
Fallin' into you!
You got me fallin', fallin'
Fallin' into you!

You got me fallin', fallin'
Fallin' into you!
You got me fallin', fallin'
Fallin' into you!

I need your touch, I need your touch,
I need your touch, tonight
'cause I was blind, now you all I see,
you let me into the light

So don't stop, don't stop
You make me smile, you lift me up
Keep doing doing what you're doing to me
You all I need

You got me fallin', fallin'

Fallin' into you!
You got me fallin', fallin'
Fallin' into you!

You got me fallin', fallin'
Fallin' into you!
You got me fallin', fallin'
Fallin' into you!

So I'll be there,
Anytime, anywhere...
'cause, baby, somewhere...
down the line...

You got me fallin', fallin'
Fallin' into you!
You got me fallin', fallin'
Fallin' into you!

You got me fallin', fallin'
Fallin' into you!
You got me fallin', fallin'
Fallin' into you!
