You were sitting and crying
and just staring at me
we were talking for hours
about how things used to be
I've never been lying
but this is my destiny
losing all that I had with you
and all the love that we shared
walking out the door
I want to scream and say...

I gave the world but you never tried
to see all the reasons that were leading my heart
we're drifting apart
you don't understand
you were my life and now you're breaking my heart
listen what I say
what I have to say

You don't want to forgive me
for things I didn't even do
we were talking for hour
but you still don't have a clue
Now I feel like I'm dying
'cause I'm losing my mind
but before I leave I need to scream and say...

I gave the world but you never tried
to see all the reasons that were leading my heart
we're drifting apart
you don't understand
you were my life and now you're breaking my heart
listen what I say
what I have to say

Just look at me, would I lie to you?
stay and tell me how I can save us now...
