You called me for a back up, a simple check up

You seem to like it clean

As long as this goes on you cut the freshmachine

Not me Not you...

You're damn straight

Hate faster breed faster 2 create

Let's pull over and waste some food now

Let's pull over and bend the hood down

Commin through yeah

Commin through yeah

This misbelieve is gonna kill you wasting all the longer...

Commin through yeah

Commin through yeah

Once in a lifetime they will surely

Bend you all the way

You spoke the bishop told him to shut up

He seemed to read your mind

You frightened him about telling him his kids are found

Not me Not you...

You're damn straight

Hate faster breed faster 2 create

Let's pull over and waste some food now

Let's pull over and bend the hood down

Commin through yeah

Commin through yeah

Once in a lifetime they will bend you wasting all the longer...

Commin through yeah

Commin through yeah

Once in a lifetime they will surely

Bend you all the way

Backup your life

Backup your life

Backup your life

Backup your life because you're surely commin' through

Commin through yeah

Commin through yeah

Once in a lifetime they will bend you wasting all the longer...

Commin through yeah

Commin through yeah

Once in a lifetime they will surely

Bend you all the way

They'll bend you all the way

They'll bend you all the way

They'll bend you all the way
