Where are all the stingers?

They're down

You see right in the middle of me

You see funny in a way hah...

Where you hide them fingers?

They're down

You see right in the middle of me

You see funny in a way hah...

You're pretty fucked up right now

You'll lose this fight somehow

And even how you think about me

Something I will never be

Well if that's the way you want it

Let me be the first to close your eyes

You just like the bargain

I like the things I cannot buy

Pour the wine throughout a filter

Now that's ok

Well if that's the way you want it

Then let me help to close your eyes

I noticed that she hungers

What's new you see

Fill her up and put her away from me

This is what you get when

Freezing when she touches

What's new you see

Fill her up and put her away from me

This is what you get when

You're pretty fucked up right now

You'll lose this fight somehow

And even how you think about me

Something I will never be

Well if that's the way you want it

Let me be the first to close your eyes

You just like the bargain

I like the things I cannot buy

Pour the wine throughout a filter

Now that's ok

Well if that's the way you want it

Then let me help to close your life

Make my day...

Fuck! You're gonna move or what?

Well if that's the way you want it

Let me be the first to close your eyes

You just like the bargain

I like the things I cannot buy

Pour the wine throughout a filter

Now that's ok

Well if that's the way you want it

Then let me help to close your life
