I can feel ...

I can feel ...

I can feel ...

I can feel ...

I am falling, can't keep falling

I will fall for you again

I am falling, can't keep falling

You will touch my heart again

You take my hand

I'm flying without wings, my baby

Only you can take me

To the moon and back, my baby

I can feel ...

I can feel ...

I can feel ...

I can feel ...

I can feel (feel, feel) ...

I can feel (feel, feel) ...

I can feel ...

I can feel ...
