Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?  
Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?

Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?  
Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?

I guess you see, that I should be  
The one, you need, feel the electricity !  
Cause your so right, dancing tonight  
You blow, my mind, you've got to be  
My sexy thing !

Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?  
Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?

I guess you see, that I should be  
The one, you need, feel the electricity !  
'Cause your so right, dancing tonight  
You blow, my mind, you've got to be  
My sexy thing !

Somebody told you  
How much I love you?

How much I love you?  
How much I love you?  
Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?

Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?  
Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?

Somebody told you ...

Somebody told you  
How much I love you?  
How much I love you?  
How much I love you?
