I gotta feel you, your love's so bizzare,
I gotta taste you, you take me so far.
I've gotta feel you, your love's so bizzare,
Your love's so bizzare ...

I gotta feel you, your love's so bizzare,
I gotta taste you, you take me so far.
I've gotta feel you, your love's so bizzare,
Your love's so bizzare ...

Girl, make you feel your body
You will fall in love.
If you tell that you need me,
This is not enough.

Girl, make you feel your body
You will fall in love.
If you tell that you need me,
This is not enough.

And before ...
And before ...
I will find you.
And before ...
And before ...
I will touch your lips

And before ...
And before ...
I will find you.
And before ...
You are my fire.

You are my fire, oh, yeah !
You're my fire, oh, no !
You are my fire, oh, yeah,
Yeah, yeah, yeah !
Oh, no, no, no !

I gotta feel you, your love's so bizzare,
I gotta taste you, you take me so far.

I've gotta feel you, your love's so bizzare,
Your love's so bizzare ...

I gotta feel you, your love's so bizzare,
I gotta taste you, you take me so far.
I've gotta feel you, your love's so bizzare,
Your love's so bizzare ...

And before ...
And before ...
I will find you.
And before ...
And before ...
I will touch your lips

And before ...
And before ...
I will find you.
And before ...
You are my fire.

You are my fire, oh, yeah !
You're my fire, oh, no !
You are my fire, oh, yeah,
Yeah, yeah, yeah !
Oh, no, no, no !

I gotta feel you, your love's so bizzare,
I gotta taste you, you take me so far.
I've gotta feel you, your love's so bizzare,
Your love's so bizzare ...
