Late night i go walking in my head  
But i know i can't be pushed around again  
Well he laid down his life for me in the end  
Well i've seen a million faces fall down at your feet

(chorus)

Uh huh, uh huh, i need you  
Uh huh, uh huh, i can see you  
Uh huh, uh huh, i've looked

Annabelle you come dancing in my head  
But i know i can't be, be around you again  
Well i fall down on my knees and i scream his name  
Well i've been gone for way too long and i know well i  
Know so i say

Well i've been pushed around, again  
But he will lift me up  
And she will run away  
But now i'm here to say

Annabelle you come dancing in my head  
But i know i can't be around you again, no  
You're no good, you're no good, for me
