All my mind's pissing out of me pouring brain  
It's my slave and I'm  
Counting on kitchen clean for the masses  
I can save yeah I can save  
I can save and I'm amazed that I can save  
And I'm amazed that I can save and I'm amazed

Pissy eyed gagging over tomorrow  
After eighty after ay!  
Time in now really  
No not entirely now I lied  
Now I delay

Need some funds money undone  
Me on some for money undone

I know where I don't want to be  
Out looking for people in trouble  
Oh hello shadow, you go away and you  
Warm me up like only your fire can do  
Warm me up like only your fire can do  
More of the same  
More of the same old highs

Kiddie voice piercing my nodder like a nail  
And I can kill yeah I  
Stabby all kill Acme Thunderer blaster  
I can kill yeah I can kill  
Storm of feeling good fun fuck my animal heart  
And ache and heart and ache  
Tiring now dishing out all my fancy almond ache  
And arm and ache

Leaf all my money oh my  
Me need some funds money undone  
Me on some for money undone

What's in my hand?  
It's your beady-eyed blade on the edge of my tongue  
It's your belly-eyed bleeder only just begun  
To rebuild him but will he turn out like you've done

Woah!

Tiring wait 'till these things can fly  
Now that I sit inside her fire  
My feet firm higher me filled with gloom  
Warm me up like only your fire can do  
Big belly-eyed bleeder on the top of you

I know where I don't want to be  
Out looking for people in trouble  
Oh hello shadow  
You go away and you warm me
