### "The Leader Of The Starry Skies"

He shone down the stairs  
Careful sun day when he can  
Move anything with his eyes  
He wants to be the leader of the skies

Aims to see the starry sky with his own eyes  
Wants to be the leader of the starry skies  
All the people make signs  
Sparse, as nothing if at all  
Commiseration in a generous new size  
Appealing to us all  
Wins some, craves fun, keeps the world as his disguise  
Stays young, brave sun, he aimed his cannon to the  
Skies

Oh, must've been zero phiz  
Caused our lantern to depart, and now  
Best not be moved because it's sad to trust a broken  
Heart

Crave fun, brave sun, he aimed his cannon to the skies  
Slave hung, brave sun, he moved the turret with his  
Eyes  
And he can't shut up light  
Without thinking, but what can I do?

Zealous antics puzzled lazy boy  
Gazing at him in the zoo  
Makes a vow to quench all fury  
And rid the air of me and rid of you

Brave sun, brave sun, he points the barrel to the sky  
Climbs in, brave sun, and then out of the cannon he  
Flies  
And he met another guy  
The leader of the starry skies, he's here  
But burning at such speed that no good dog can obey

Crave fun, brave sun, he keeps the world as his  
Disguise  
Slave hung, brave sun, the leader of the starry skies

From the tops of the trees  
To the bowels of the Earth  
Swings from pillar to post  
'Cos he's here  
And now  
And now  
He's here
