"Wind"

Cultivate your hunger, before you idealize
Motivate your Anger, to make them all realize
Climbing the mountain, never coming down
break into the contents, never falling down

my knee is still shakin' like i was twelve,
sneakin' out the classroom by the back door,
a man railed at me twice though
but i didnt care
waiting is wasting for people like me

dont try to live so wise
don't cry cos you're so right
don't dry with fakes or fears
cos you will hate yourself in the end

dont try to live so wise
don't cry cos you're so right
don't dry with fakes or fears
cos you will hate yourself in the end
