I close your eyes  
And send you into vainly dreams  
I reign your soul  
The night engulf your painful screams

I watch you cry and  
Twist your soul in agony  
No prayers can save you now  
From hell in eternity

I devastate your soul  
And lacerate your mind  
In sin I sanctify my  
Sword to crush your spine

[I'm the] Reaper  
You're too confused  
You can't elude my misty eyes  
No need to hang on  
To your faith in love and life

Whatever I command  
Your soul obeys my needs  
You're like a zombie now  
With a soul that burns and bleeds

There's not much left of you  
Your soul belongs to me  
Nothing can save you now  
Or set your spirit free

[I'm the] Reaper

[Coming to take you]

I love the sight of having you  
Down and open wide  
The smell of a dead woman's flesh  
Just drives me fucking wild

I have to got you in my grasp now

There is no need to escape  
I'll penetrate you  
Every virgin needs a rape

Just when you think you have  
Gone through all that gives you pain  
I'm coming back to you  
To penetrate again

[I'm the Reaper]
