Even though we're heart to heart
I know you wonder when we part
If I'll start to lose my desire for you
Will tomorrow be like tonight
Will I always treat you right
Will love go on for ever (ever ever)

Never a day goes by
Not a night that I
Could live my life without you

Never a day goes by
There's no time when I
Could ever forget
What you mean to me

Never a day goes by
When you're not on my mind

(Never a)
Not a day
(Never a)
Not a night
(Never a)
Day goes by
(Never a day goes by)

See a doubt there in your eyes
Baby, don't you realise
I'm not the one who
Broke you heart before
If attraction is temporary,
This passion's momentary,
Why can't I get you out of my head?

Never a day goes by
Not a night that I
Could live my life without you

Never a day goes by

There's no time when I

Could ever forget
What you mean to me

Never a day goes by
When you're not on my mind

On my mind
Every day and every night
That comes, I want to be in your arms
What I say is true
This love's for you

Never a day goes by
Not a night that I
Could live my life without you
By my side

Never a night goes by
Not a time when I
Could live my life without you

Never a day goes by
Not a night that I
Could live my life without you

Never a day goes by
There's no time when I
Can ever forget what you mean to me
(oh, I love you so)
It's the purest affection could ever be

Never a day goes by
When you're not on my mind

When you're not on my mind

Never a day goes by
Never a day goes by
Never a day goes by
Never a day goes by
