I can tell from the look on your face,  
You've got something to say  
In my heart I already know,  
Cos I heard you whisper her name  
I was the one who was keeping you warm  
In my arms is where you belong  
Day by day, I can't help loving you  
What we started was something so strong

It's not over yet  
Don't tell me to forget  
You just can't touch my life  
Then turn and walk away  
It's not over yet,  
Some day we will regret  
If we don't try again,  
How will we ever know  
Now we've come too far to let go  
Together we've laughed and we've cried  
There's temptation deep in your soul  
Got to raise all those feeling you hide  
And I won't beg you to stay  
It's so easy to walk out the door

But I won't let you throw it away  
Cos I know you're worth fighting for

It's not over yet  
Don't tell me to forget  
You just can't touch my life  
Then turn and walk away  
It's not over yet,  
Some day we will regret  
If we don't try again,  
How will we ever know

And I won't beg you to stay  
It's so easy to walk out the door  
But I won't let you throw it away  
Cos I know you're worth fighting for

It's not over yet

Don't tell me to forget  
You just can't touch my life  
Then turn and walk away  
It's not over yet,  
Some day we will regret  
If we don't try again,  
Then we will never know
