Right out of time, right out of time,
(We're gonna run, run, run, run)
Yeah yeah...

Oh the sands of time are fairly quickly running through
your fingers,
All at once the moments blown away and just a memory
lingers.

You've got to make your mind up,
You're using precious time up
And I can't wait much longer by the phone for you to
call.

We're gonna run, run right out of time,
It will be to late, If we hesitate.
We're gonna run, run right out of time,
Coz' the moment comes and then it runs away, away...

(Could) it really be so hard for you to choose the road
your taking,
Cos ' your burning up my heart with decisions you are
making.
You know It's time to hurry,
You got no need to worry,

Cos' I will never ever let you down if you delay.

We're gonna run, run right out of time,
It will be to late, If we hesitate.
We're gonna run, run right out of time,
Coz' the moment comes and then it runs away, away...
(Run, run out of time)

It should be easy making up (like)
It isn't hard to get it right.

We're gonna run, run right out of time,
It will be to late, If we hesitate.
We're gonna run, run right out of time,
Coz' the moment comes and then it runs away, away...
(run, run, run, run)

(You can make your mind up, make your mind up...),
away...

(We're gonna run, run, run), run away (it will be too
late),
Run away, yeah, yeah, run away, run away...
