oh, how could i have seen it  
the morning that we walk on the street  
the underground has taken me  
to the place where all my dreams lead  
the moment that i saw you  
i saw the deepest sea in your eyes  
i haven't firstly told you  
that is the day expected for your life

(chorus)  
the rain fell down so quiet  
that day  
the city was so white  
that day  
i didn't understand  
that day  
that among city street in my magic dream  
i've waited for yesterday

nobody doesn't matter  
how did we meet each other oh...yeah  
but heaven has reflected  
that piece of land,i found you that day  
you opened your umbrella  
and nobody has seen us at all  
and everything has changed  
when you have heard what destiny just told

the rain fell down so quiet  
that day  
the city was so white  
that day  
i didn't understand  
that day  
that among city street in my magic dream  
i've waited for yesterday

the rain fell down so quiet.....  
.....that day.....  
the city was so white.....  
.....that ....day.....

the rain fell down so quiet....so...quiet  
that day (that day)  
the city was so white.....so....white  
that day (that day)  
i didn't understand...that day...yeahh....  
that among city street in my magic dream  
i sat down.....under the light  
...and go back to yesterday...
