Wanna show you we can do this better
there's no way we're givin' up
Wanna show you there's no surrender
there's no way we gonna stop

We've been living far to long
thru the barrel of a gun
now is time to spread the love
and our hearts will beat as one

So put your hands up to the sky
I wanna see you wave them high
we gonna make it make it loud
when we shout it shout it out
So put your hands up to the sky
I wanna see you wave them high
we gonna make it make it loud
when we shout it shout it out

Take a minute take a breath to reload
spell it out and let 'em know
that we're never gonna loose our colors
we just gonna let 'em show

Now is time to spread the love
and our hearts will beat as one

So put your hands up to the sky
I wanna see you wave them high
we gonna make it make it loud
when we shout it shout it out
So put your hands up to the sky
I wanna see you wave them high
we gonna make it make it loud
when we shout it shout it out

when we shout it shout it out
when we shout it shout it out
when we shout it shout it out
when we shout it shout it out
