Mmmmh
mmmmh.
Woah
na-na-na-na-na mmmmh.
Mmmmh yeah
mmmmh yeah

mmmmh yeah
mmmmh.

They're justified and they're ancient
and they'd like to roam the land.
They're justified and they're ancient.
I hope you understand.
They don't want to up set the apple cart
and they don't want to cause any harm

but if you don't like what they're going to do

you better not stop them 'cause they're coming
through.

They're justified and they're ancient
and they know what time is love.
They're justified and they're ancient

did they come from up above?
Rock Man
he's just made of bricks

and King Boy lost his cruise.
The JAMs don't need no master plan
to do whatever
ever they can.

Uh-uh
oh
mh.
Uh-woh woah na-na-na-na-na

ah yeah.

Allright
ah-aha yeah.

They're justified and they're ancient
and they'd like to roam the land.
They're justified and they're ancient.
I hope you understand.
They don't want to up set the apple cart
