This is how it's going to be
We've had enough for a long time
So who's it going to be?
Someone that's free from a list of crimes
Get up get up getup c'mon now
The radio will only bring you down
I see you standing on a wire
And all your chances they went out for hire
All day long the same mistakes
With all the time for commercial breaks
I see you dancing took all your chances
See you dancing took all your chances
Go license a satellite
Another sound it dies tonight
This signal is clear and bright
Deregulation, it don't sit right
