The long and short of it is
There's no reaction
Oh well the long and short of it is
There's no reaction

People gather in cities world 'round
See them everywhere
Right to assemble and to speak out loud
Don't get you on the air

And you know they hear it all
And the roof's about to fall
In the distance they can hear us call
And they resist us but they hear the call, yeah

'Cause the long and short of it is
There's no reaction
I said the long and short of it is
There's no reaction

Interest level in this nation's great
We've been misunderstood
They check you out, they want to keep you at bay
And that's all well and good

And you know right where it's at
Executives wear party hats
But on their faces they've fallen flat
Yeah, on their faces they've fallen flat

The long and short of it is
The long and short of it is
Oh well the long and short of it is
I said the long and short of it is

Well there's no reaction
No, there's no reaction
And now there's no reaction, pal
And now there's no reaction, pal

Here now, there's no reaction, pal
There's no reaction, pal

And now there's no reaction, pal
No, no, there's no reaction, pal
So check it

The long and short of it is
The long and short of it is
I said the long and short of it is

There's no reaction
No, there's no reaction
And now there's no reaction, pal
No, no, there's no reaction, pal

Here now, there's no reaction, pal
There's no reaction, pal
And now there's no reaction, pal
No, no, there's no reaction, pal
