Lover please please come back don't take a train
comin' down the track
Don't please don't please don't leave me don't leave
me in misery

You would never hold me near you would never call me
dear

Don't you know I'd die for you now you're gone that's
what I'll do

Lover please please come back...

[guitar]

Old love story not too long about a love that went all
wrong

Girl left the boy boy went bad now he's gone she's so
sad

Lover please please come back...

Lover please please come back...

[guitar]

Lover please please come back...
