Close your eyes
Touch me like a lover
Come inside
I want to discover
The taste of love...
...Baby, you excite me so!

Turn around
Keep your body movin'
Just take your time
Feel the rhythm groovin'
You blow my mind...
...Baby you excite me!
(La la la la la la la!)

Gotta have your love, your love...
Each and every day
Gotta have your love, your love...
Let the music play
Gotta have your love, your love...
...Baby i'm addicted to you!
(Oooh!)

Gotta have your love, your love...
Each and every day
Gotta have your love, your love...
Let the music play
Give me love, your love...
...Baby i'm addicted to you!

Lay me down
Treat me like a lover
Deep inside
I know there's no other
It hurts so good...

...Baby, oh I want you so!

I turn around
Keep my body movin'
I face the ground
Feel the rhythm groovin'
You blow my mind...
...Baby, oh i hate you!
(La la la la la la la!)

Gotta have your love, your love...
Each and every day
Gotta have your love, your love...
Let the music play
Gotta have your love, your love...
...Baby i'm addicted to you!
(Oooh!)

Gotta have your love, your love...
Each and every day
Gotta have your love, your love...
Let the music play
Give me love, your love...
...Baby i'm addicted to you!

Gotta have your love, your love...
Each and every day
Gotta have your love, your love...
Let the music play
Gotta have your love, your love...
...Baby i'm addicted to you!
(Oooh!)

Gotta have your love, your love...
Each and every day
Gotta have your love, your love...
Let the music play
Give me love, your love...
...Baby i'm addÃcted to you!
