Today
we talk a while we laugh
enjoy the time
they fade or gone
a night so hot
today
you walk away the pain
you still the same no matter how
what there if though
REFRAIN:
how many times im down becauze of this
i thought the other one..

CHORUS:
its getting worst than yesterday
my life is full of emptiness
i'de rather die and not to live
just to have you
if ever gonna be the same
today,tomorrow and.. yesterday
i'de rather die and not to live
just to have you..

The day
is the only
that I
have been thrown away
and thats all of
becauze of you
and tonight while you remember all the time
we're together now
its over now
cuz you won't come back

how many times im down
becauze of this
I thought the other one...

I thought the other one..

Repeat Chorus:
