Sometime in July were in love
But it was on November that we broke up
I don't know what's the reason
For which reason I don't want to know
I don't know what's the reason
For which reason I don't want to know..

Sometime in July were in love
But it was on November that we broke up
I don't know what's the reason
For which reason I don't want to know
I don't know what's the reason
For which reason why I let you go

I used to give you flowers the time in July
We used to be together on our lows and highs
The promises we've made the kiss and embrace
Are faded to the past that it just can't last

But still your love is wild in me
Fool am I baby??..aahhh..
For I will keep the memories till the end

Though it's really hard
Giving such a life
Living without you reminds me of the time in July

Cuz Do Do Do Do Do Pa Pa Ra Pa Do Do Do Wa..
Do Do Do Do Do Pa Pa Ra Pa
