When you're walking down the street  
You never know I'm around  
But I am there and I'm watching  
Everywhere you go

I'm the eye from outer space  
And my hand is on your life  
Your eyes reflect reflections  
Of fires burning in my heart

(Hey, dog)  
At night you hear my screams  
From my distant lonely world  
(Hey, dog)  
You feel my eyes touch yours  
So lightly now

(Hey, dog)  
You can't be there where I am  
'Cause I'm there all by myself  
(Hey, dog)  
Location 999  
End of the night

Hey, girl, I watched you dancing  
To the rocking bands  
I have seen you do the pop  
And the moving change

You will never be the same  
When your eyes meet mine  
I'll be ready to show you  
What you need to live

(Hey, dog)  
At night you hear my screams  
From my distant lonely world  
(Hey, dog)  
You feel my eyes touch yours  
So lightly now

(Hey, dog)

You can't be there where I am  
'Cause I'm there all by myself  
(Hey, dog)  
Location 999  
End of the night

Alright

You know my love is more  
For the ice and snow  
And the night times and the fires  
Burning in your mind

I will be there in the dawn  
When you come to the end  
'Cause I'm the living eye  
And my hand is on your life

(Hey, dog)  
At night you hear my screams  
From my distant lonely world  
(Hey, dog)  
You feel my eyes touch yours  
So lightly now

(Hey, dog)  
You can't be there where I am  
'Cause I'm there all by myself  
(Hey, dog)  
Location 999  
End of the night
