It's getting freaking hot in the sweet spot, spot, spot,
spot

I'm going to keep you here all night long
And find this deep all along on
I got the techniques to get you on

It's getting freaking hot in the sweet spot, spot, spot,
spot

Oh daddy, I want you to hit my sweet spot
Look at me and tell me, I'll turn you on
Just grab me take all that I got
Oh daddy, come have me

Oh daddy, I want you to hit my sweet spot
Look at me and tell me, I'll turn you on
Just grab me and take all that I got
Oh daddy, came and have me

I'm going to make you get all on me
Tell me, do you want me to put chocolate in this titty
I am gonna make you call me masterman
In any language and everywhere

Oh daddy, I want you to hit my sweet spot
Look at me and tell me, I'll turn you on
Just grab me take all that I got
Oh daddy, come have me

Oh daddy, I want you to hit my sweet spot
Look at me and tell me, I'll turn you on
Just grab me and take all that I got
Oh daddy, came and have me

Yeah girls, you ever had a bang so hard and that's so
good?
It's the sweet spot
Yeah what you know about it
Let's talk about it, let's go

Oh daddy, I want you to hit my sweet spot
Look at me and tell me, I'll turn you on
Just grab me and take all that I got
Oh daddy, come have me

Oh daddy, I want you to hit my sweet spot
Look at me and tell me, I'll turn you on
Just grab me and take all that I got
Oh daddy, come and have me

Oh daddy, I want you to hit my sweet spot
Look at me and tell me, I'll turn you on
Just grab me and take all that I got
Oh daddy, come have me

Oh daddy, I want you to hit my sweet spot
Look at me and tell me, I'll turn you on
Just grab me and take all that I got
Oh daddy, come and have me
