You'll be charged a hundred dollars
if you can't pay back the debts
Work your soul and work your lifetime
without money you can't buy

Can't you see
six feet underground?
Identify the system
Identify the system

Watch your neighbours
and their big dreams
Silent envy on your face
A life deluxe, it would be easy
What would you give to join the club

Can't you see
six feet underground?
Identify the system
