Hey wait, oh please wait  
Don't rush off, you won't be late  
Oh wait, yes he'll wait  
The engines running at the gate

Don't believe what you've heard  
Faithful's not a bad word

Oh, won't you save these bachelor kisses?  
Now they're for your brow  
Oh, won't you save these bachelor kisses?  
Now they're for your brow

Hands, hands like hooks  
You'll get hurt if you play with crooks  
Your hands, that's all he took  
The world opened up for your looks

Don't believe what you've heard  
Faithful's not a bad word

Oh, won't you save these bachelor kisses?  
Now they're for your brow  
Oh, won't you save these bachelor kisses?  
Now they're for your brow

Don't believe what you've heard  
Faithful's not a bad word

Oh, won't you save these bachelor kisses?  
Now they're for your brow  
Oh, won't you save these bachelor kisses?  
Now they're for your brow

But don't be slave to bachelor kisses  
Now they'll break their vow  
Oh, don't be slave to bachelor kisses  
Now they'll break their vow
