Already dead, so kill my head  
There's a sun in his eyes  
It won't go away, I'm already dead  
Why is it I can't kill my?

He would never sleep  
Said, "I didn't mind it at all"  
Made me feel quite cheap  
Looking back on it all

Then there was this kiss  
He said that he couldn't resist  
And was I aware of what I missed?

That night I slept on his couch  
With my back turned to the wall  
Nothing assumed but you know?  
You know, you know

In the morning, we said nothing at all  
All I could think of was this  
He said that he couldn't resist  
And was I aware of what I missed?
