I'm losing, I'll lose my mind
You don't know how you want it
I'm losing, I'll lose my mind
You don't know how you want it

I don't know how you want it
Why won't you talk about it?

I'm losing, I'll lose my mind
You don't know how you want it
I'm losing, I'll lose my mind
You don't know how you want it

I don't know how you want it
Why won't you talk about it?

I'm losing, I'll lose my mind
You don't know how you want it
I'm losing, I'll lose my mind
You don't know how you want it

I don't know how you want it
Why won't you talk about it?
Why won't you talk about it?
Why won't you talk about it?

Why won't you talk about it?
Come on and talk about it
