Hello sunshine, the sun is shining  
It's summertime, I'm getting so excited  
Forget goodbyes, forget goodnight  
You can close your eyes but I won't let you out of my  
sight

There's a place I know in, lower Manhattan  
If you want to we can go, there's always something  
happening  
They know me there, they're very nice  
It's owned by a carpenter and his ex wife

Hello sunshine

So much of life seems, spent wasting time  
I won't waste yours if you don't waste mine  
This big old world's still here  
When we close our eyes  
So let's just close them for a little while

There's a place I know in Pennsylvania  
If you don't want to go, well darling I can't blame you  
I feel alright, by your side

Hello I'm yours  
Hello sunshine  
Hello sunshine  
Hello sunshine  
Hello sunshine  
Hello sunshine  
Hello sunshine  
Hello sunshine  
Hello sunshine  
Hello sunshine
