Don't wanna be no drag, don't wanna go and make you  
mad

Don't wanna be sad, my will is good but you're feeling  
bad

And if you want control, I'd gladly give it all to you  
You can play the starring role, I'll sit back, a little lazy  
and confused

Time once we got along  
It's too bad that that feeling's gone  
Time once we could agree  
It's too bad you found fault with me

Give up and miserable  
Totally invisible  
Glass empty, never full  
Never giving all you got

...

Loved a little, lost a lot
