Who put that record on?
And who's in there singing along?
Maybe its the cold thats getting to me
Its dark in my heart, is it too dark to see?

Time will tell what will be will be
Its just another lonely Sunday by the sea

I moved out here thinking I could quit
I did for a day, that was it.
Maybe its the cold thats getting to me
Whats happened has happened
What will be we'll see
Time will tell then the bells will ring
I could've been a beggar, I could've been a king

When nothing is lost nothing is free
Its just another lonely Sunday by the sea
Its just another
Lonely Sunday
By the sea
