Well she's walked away  
There's nothing left to say  
She's leaving you  
It was the last thing she could do  
She's taken everything and left you off track with 4  
white walls, and a jacket on your back

Straight jacket holding you down  
The devil lives there too  
Fear and fire burning through to you  
Well she won't give back the things she stole  
She won't  
Straight jacket holding you down  
It's holding you down.

You're on your own and everything's turned to stone  
It's so surreal, what's the last thing you can feel  
You've lost everything  
But you're on you're own 2 feet  
No more white walls and skies of black and red

Straight jacket holding you down  
The devil lives there too  
Fear and fire burning through to you  
Well she won't give back the things she stole  
She won't  
Straight jacket holding you down  
It's holding you down.

The devil lives there too  
He's standing right there next to you  
The devil lives there too

Straight jacket holding you down  
The devil lives there too  
Fear and fire burning through to you  
Well she won't give back the things she stole  
She won't  
Straight jacket holding you down  
It's holding you down.  
Down.
