I like the way (I like the way)
You make me feel (you make me feel)
I like what shouldn't be
I like what you couldn't see
I like how you heal me

And I like the way
You hear a song
You hear a song
I like the way
You know what's wrong
But nothing's wrong
It's just a song
I think I see you all the way through

And I like the way you see the sea
You see the sea
I like playin' with you
I like what you first see
I like how you breathe
I integrate
I think I see you all the way through

La da da da da
Da da da da
Da da da da
Da da da da
Da da da da

I like how it feels to be near you
Oh I like to
Yes, I like to
I think I see you all the way through

I like like sometime
To be with you
To be with you
I'd like to be
What you know to be true
I'd like to tell what I'd love to
To be true for you

I think I see you all the way through

La da da da da

I like how it feels to be near you
