Lavender Diamond - Just Passing By

Oh my stars, my sky
Oh my love, goodbye
You're just passing by
Like the clouds in the sky
Just like the tears that fall from my eyes
They keep falling..
Oh my joy, my pain
Oh my everything
Just passing by
Like the clouds in the sky
Just like the tears that fall from my eyes
They keep falling..
And what am I to believe
And how I'm mad of grief
Without you to love, what life am I leading?
What day is receding
To know they..
Uuuuuuuuuuuuuuuuuuuuh
Uuuuuuuuuuuuuuuuuuuuh
Just passing by
Like the clouds in the sky
And what am I to believe?
And how am I to believe?
That you do know
And what a crazy place..
All i made is wrong
I want to know who's writing the show line
Like you remind this beginning
Uuuuuuuuuuuuuuuuuuuuh
Uuuuuuuuuuuuuuuuuuuuh
Just passing by
Like the clouds in the sky
