Oh my beautiful world
Oh my boys and my girls
I love you
I love you, I love you, I love you
I love you, I love you, I love you
My beautiful world
My boys and my girls
My beautiful world, my beautiful world

Oh my beautiful dream
Open me at the scene
I love you
I love you, I love you, I love you
I love you, I love you, I love you
My beautiful dream
Open me at the scene
My beautiful dream, my beautiful dream

Oh my beautiful night
Shelter me from the light
I love you
I love you, I love you, I love you
I love you, I love you, I love you
My beautiful night
Shelter me from the light
My beautiful night, my beautiful night

Oh my beautiful world
Oh my boys and my girls
I love you
I love you, I love you, I love you
I love you, I love you, I love you
My beautiful world
My boys and my girls
My beautiful world, my beautiful world
