Oh no!
It's such a sad and grey day, oh!
When will I love again?
Oh no!
It's such a sad and gray day, oh!
When will I love again?
When will I love again, when will I love again, when will
I love again?

Oh no!
I can feel the world grow cold
When will I love again
Oh no!
I can feel the world grow cold
When will I love again?
When will I love again, when will I love again, when will
I love again?

Oh no!
We are turning as we go
Into a world of stone
Oh no!
We are turning as we go
Into a world of bone
When will I love again?
When will I love again, when will I love again, when will
I love again?
