Oh, oh, oh, oh,  
Oh, oh, oh, oh,  
Oh, oh, oh, oh,  
Oh, oh, oh, oh,

Refren:

I wanna go to cinema but I'm busy watching you,  
I wanna meet my friends tonight but I'm busy loving you,  
I need to go to work tomorrow but I'm busy touching you,  
No one should call me now cause I'm busy loving you.

Loving you, love, love, loving you,  
Loving you, love, love, loving you,  
Loving you, love, love, loving you,  
Loving you, love, love, loving you.

Strofa Brock London:

Oh, oh, oh, oh, I'm busy with you babe,  
Oh, oh, oh, oh, I like it with you girl,  
Oh, oh, oh, oh, so fine beside you, yeah,  
Oh, oh, oh, oh, I want you on and on.

Strofa Nitro Da Kid:

On and on, on and on,  
I can turn that thing to a quiet storm,  
But the only thing is when it rains it pours,  
But shorty loves that she don't mind at all.  
But ya'll, it's crazy,  
I pay so much attention to this lady,  
That if attention was money,  
I'd be more broke than a crash test dummy.

Refren:

Strofa Nitro Da Kid 2:

Normally no money in my mind but it's on you,  
And if you hear me so what we gonna do?

We gonna act a fool? Have a good time?  
Crack a couple jokes? Sip a little wine?  
One thing leads to the next, now we intertwined,  
An shorty so fine, no less than a dime,  
You think I'm lying this real talk,  
She can turn a dude on with her little talk.

Strofa Nitro Da Kid 3:

So I'm busy watching her like a cinema,  
But this is a good movie and I don't wanna finish up,  
No way, it's just getting better,  
She getting closer like 3D, and imma let her.  
And my eyes glued like a 5 star flick,  
Cause that leading role is a 5 star chick,  
And it's about to be my line, I read that script,  
But it's Nitro Da Kid and I can handle Ãt.
