I'm gonna do it darling  
I could waste time trying to figure it out  
But I'm jumping anyhow  
I've never been this far  
Didn't know love could run so deep  
Didn't know I'd lose this much sleep  
Holding you close chasing the moon  
Spending all night  
Learning just who you are  
Sparks flying in the dark  
Shooting out lights running down dreams  
Figuring out what love really means  
Baby giving you my heart is  
A real fine place to start  
Something is going on  
I can't explain but I sure can touch  
It's calling both of us  
Stronger than any fear or doubt  
It's changing everything I see  
It's changing you it's changing me  
Holding you close chasing the moon  
Spending all night  
Learning just who you are  
Sparks flying in the dark  
Shooting out lights running down dreams  
Figuring out what love really means  
Baby giving you my heart is  
A real fine place to start  
Right here right now's the perfect spot  
The perfect time  
The perfect moment when your skin is next to mine

SOLO

Holding you close running down dreams  
Figuring out what love really means  
Baby giving you my heart is  
A real fine place  
A real fine place to start
