In ninety-fo' I kick the wicked for the bitches  
For the real trick deez who can dig it  
Cause after pop thought all that, Hurricane stay fat  
Word to mom, big dick boricuas in the back  
The queen of the East coast, funk gangsta pack

It's all in your mind, but what's yours is mine  
Your dough and your hoes Bump N Grind to my rhymes  
Now! It ain't a nigga who could hang

And uh, fuck any bitch who can't hang

Verse Three: Redman

The Funk Doctor Spock, blast up on your block  
I'm walkin through the sewer with manure on my socks  
Your style, I freaked it when I was a child  
So you talkin that baby talk like, Who's Talkin Now?

Verbally I crush, brains erupt  
Blow your focus, like you sniffin angel dust  
Run of the mill I'm not, watch me kill a cock-sucker  
And cause ruckus, like them L.O.D. motherfuckers  
Every verse every word I preach  
Represents the East, long as the human eyes can see  
Gimme that funk funk funk funk funk funk funk funk  
beat!  
I light a blunt for niggaz up in Sing-Sing  
I do it to death, style is funk that's fresh  
Remove your vest, you just won the wet t-shirt contest  
And I'm hotter, than the Globetrotters in the Bahamas  
I got a pair of pajamas made out of ganjah and  
almonds and I'm as  
eager, as nigga wantin my shit to dub  
Cause my shit be BANGIN like the Crips and Bloods  
Troop, I flew the coop like Big Bird in Timb boots  
I Skywalk the planet like my code name was Luke  
From the darkside, I'm from the darkside Pah  
I'm Above the Law like Steven Segall  
Motherfucker!!
