Okay okay okay
I see her, I see that
Turn me up, turn me up,
Give me some juices, give me some juices, kid
Come on, listen!

Le?ts go, man for real
Hey yo, hey yo,
Wood green jacket in the clapper
Catch me as I?m in the city with the stretch porn actress
Grabbin a thong, the life gives me alone
Rich nigga way back, bitch do John
Why would you ever wanna be here
Guns bigger than me here,
I?m like the sin... be here,
While I?ll be first the pimp ferocious,
Guns are scotian everybody know I float like oceans,
Trap little pieces, how we?re gonna eat this,
I walk around fly high, tell me could...
And my lady a well known designer who fell in line with
me
And all she do is sell a LB
We in the grown house, the trees look alone
I build the dutch master train... relax you?re home,
And watch your car mellow and the mix go in,
I?m playing my square I?m in the front road
My bitch roll in, that?s not wifey,
That?s a lover, she gave me some top,
But how we met, you were a... she was alone with my
brother,
Giving 20 years better than good dick, play in my
senses
They strong like old man intentions,
When the time rocking the fox, hangin with Bruno Mars
the locks
Stand you nose as pops, we?re getting honeys, rap
pack click in my canny
Blowin to hell, ocean?s 11 it?s money,
Lost stays coolin on them horses,
Pop or alone, long... them Porsches,
Maxing king everything Gucci,

Just like the suits I play Saturday to stay in jacuzzies
Brother man I'm floating the mother lands and came
back with
... rap the side brother, and the bands hangin in the
corner schmitz
Doing my old G thing slangin some things in the mix.

I'll be flying to the islands when it's cold outside,
Patchin first guess it hurts,... matchin that cards
Bout my life living right baby, others than me
Life's good either way, as long as you're in this,
Yeah, y'all be easy, shall be easy, word up next year
man,
You can have it man, the old year you heard,
It's 20 years of rap nigga, goes pasionally,
Logistically, scientifically, it's real,
How you seem to want, you already know,
That we ain't stop, we ain't never gonna stop
Real, real, real, real
