Here comes the hurricane, C.L. same name  
Cut by the grain when I land upon the plain  
Jah knew the Hebrew, a Papa Duke need you  
But none of the fam who saw had a clue  
Escalate the prime rate, words coagulate  
Generate the mind's state, never can deflate  
Nigger, you jigaboo, it doesn't have to be you  
Funny like a cartoon, Pepe Le Pew  
Pimp are the lyrical, g-string the individual  
But the metaphysical isn't spiritual  
Straight from the heart I frame the art  
Tune up my class, real fast, very smart  
Dictate the technique, wait a minute, I speak  
Loved by my son and a kiss on the cheek  
Stutter-step the concept, blueprint, or pro  
Steady as we go so act like you know

I stand by the rabbi, sail in Shanghai  
Always had an alibi even if I lie  
Crucial, never neutral, bare the fruitful  
Past time, another rhyme, skedaddle, Yankee Doodle  
Light skin in lovely gyp, just for the honey dip  
Here to make a megahit fit  
Don't install the pipe dream, renaissance regime  
When you run ragged I pick up the steam  
Chart on the record book, what Corey Love took the  
hook  
Here's a new book to civilize a crook  
Purest of the pedigree, feed 'em a line  
C.L., no Jezebel, can never sleep well  
Thick like a dred, at the Club Med  
The Mecca Don said, a fish out of water is dead  
Pete Rock, the soul brother, cruise on a flow  
Swing low and yell "Geronimo!", act like you know

C.L. can play like Nike, come on just do it  
Pacify the Gemini, soul into it  
Beat to my feet is a lock like concrete  
Hard for the street, decipher never incomplete  
A clean editorial, rather historical  
Affordable, recordable, nifty like a portable

Mecca is the syndrome, when I come back home  
Boogie on a baritone, listen on a phone  
Libra, the achiever, toke a reefer  
C.L. the girl pleaser, like Ebenezer  
So here is the good sign, I incline  
Titties with the bitties when I wine and dine  
Worn like corduroy, comes the bad boy  
But just like Anita Pita, I bring ya joy  
"Agoobilonians" with your knowledge  
And take as said so, act like you know
