Folding Money
Radney Foster

Verse:
Em G A C
When I was just a boy, my granddaddy took me to town
one afternoon
Em G A C
He drove an LTD, wore a big white Stetson, and two-
tone cowboy boots
Em G A C
He said son ¢€œHere goes¢€ and handed
me a twenty just to see the look on my face
Em n/c B7 (ring)
He said, ¢€œDon't tell your mama nothin' about it,
don't spend it all in one place.¢€

Chorus I
Em G
You see it takes foldin' money to get the deal done
A C
Foldin' money to have a little fun
Em G
Foldin' money to pay a few bills
A C
Eat a steak dinner, and cure a couple ills
Em G
Foldin' money, you need a little stash
A C
Some greenback dollars and cold hard cash
A B7
Save it for a rainy day or go away a little bit, son
Em G A C
It takes foldin' money¢€¦to get the deal done.

Ever since the day I learned to earn a dollar I've been
taking his advice to heart
¢€˜Cause when a man finds the courage to keep
his cash, some romance is bound to start
Now romance is just like money¢€¦you can always
get more if you've got it
And let me tell you friends, I'm a lot more handsome

with a C note in my pocket

Chorus II
You see it takes foldin' money to get the deal done
Foldin' money to have a little fun
Foldin' money to pay a few bills
Make a girl dance, and cure a couple ills
Foldin' money, you need a little stash
Some greenback dollars and cold hard cash
Save it for a rainy day or go away a little bit, son
It takes foldin' moneyÃ¢Â€Â¦to get the deal done.

Bass Solo

It's a pain in the back, it's a cold hard fact, gets to
everybody sooner or later
You can give it to a charity and in some disparity, stock
up your refrigerator
Couldn't marry it or date it, it'll kill you if you let it, you
can blow it with nothing to show
It will make your wallet fatter, but the truth of the
matter's can't take it with you when you go

Chorus III
You see it takes foldin' money to get the deal done
Foldin' money to have a little fun
Foldin' money to pay a few bills
Spread a little Ã¢Â€Â˜round, and cure a couple ills
Foldin' money, you need a little stash
Some greenback dollars and cold hard cash
Save it for a rainy day or go away a little bit, son
It takes foldin' moneyÃ¢Â€Â¦to get the deal done.
