Intro: Raekwon, talking to Poppa Wu
Ol Dirty Bastard singing in the background

You know God, I just been, youknowhatl'msayin?
Doin my regular thing man
So I'ma get back up with you though baby
Knowhatl'msayin? You know you my nigga kid
I'ma always come through for you baby
Yo man, you gotta understand, this shit is real though
man
All the time, word
Yo man, that's you man
Yo peace Rae, peace God!
(We've got the powers to resurrect the dead)
Whassup baby? God damn, look at you man
Damn God, I got a shit out you man
Man, I done watched you man, since you was a little
crumbsnatcher
A little weed-hopper running around here man
Look at you baby, you look good
(We've got the powers to resurrect the dead)
Understand, I watched you go through a lot of trials
and tribulations
But you know something, like I used to always tell you
baby
A good listener's a good learner
(G-O-D's my reality)
I see you listened VERY well, understand?
(I'm elevating strong and I'm gonna go on to the
highest degree)
Your time is coming baby
See sometime, it could be like, a rear view
Youknowhatl'msayin? And people don't know when
their blessing comes
But I watch you grow, man you is a very intelligent man
Man, I watched you when I used to sit down and you
would
trick me out my money shootin dice, niggaz is you
crazy?
Ha ha ha ha ha ha!
(G-O-D's my reality)

Crazy you crazy man
Yo Rae, you remember that shit man?
When we used to be down there in the hills and shit
man?
(I'm elevating strong I'm gonna go on to the highest
degree)
And you'd catch it, from Old Man Freed
He'd be yelling "You little slick ass"
Ha ha ha ha
Talk to me baby, knowwhat I'm sayin?
Ha ha ha ha
I've been through all them things, man I'm watchin you
growin
But remember one thing Rae like I used to tell you
The child you was is making you the man you is today
And if you don't know where you came from baby
You DAMN sure know that you don't know where you
going
Can you see what I'm saying?
Know which way you travelling
(We've got the powers to resurrect the dead)
You understand? And follow that destiny, follow the
light
And it'll set you free
(Ohh, G-O-D's my reality)
Cause I've watched you baby
You my main man
Yeah
(We're elevating strong and we're going on to the
highest degree)

Now that could be the Wu-Tang production
Start to knuckle up and, gun shots start to click the
block's duckin
Could it be, and would it be, that we was babies
Catchin, rabies, niggaz seem to act crazy
Day one, in my spot July the tenth
I had a mint, stickin up Devines hittin them with nines
I was toxie, from layin up in Roxie's all night
This nigga bust a shot, lick my man's wife
It was havoc I contact the Abbot
He shook the shoulder though, then he passed the phat
chrome automatic
We goin to war, you know we headed to the floor
He woulda, did it, for me fuck it, let's mosie
Schemin dough, with the P.L.O., wrapped on tight
Sayin in my mic "Yo we gotta go"
My first impression was to add some lessons
Question, one, what made you even show your gun and
blow the session?
He replied and rocked the green eye

And yo, he started, yellin "Them niggaz sellin two for fives!"

But he's a goner and I got my corner

What, I'm feedin my babies, Cash Rules for mortal daughters

Yeah, Rae baby

Feedin my babies, Cash Rules for mortal daughters

Only God is the son of man

(We've got the powers to ressurect the dead)

I'll say it one time, and be ceratin that fake God does not exist

(Ohh, G-O-D's my reality)

(I'm elevating strong we're gonna go on to the highest degree)

This is why the universe, has itself balanced the scale of devine knowledge, and it was measured by the portion

of solid knowledge

No man, can judge for another

But each man must weigh all facts and circumstances

And find truth in his own judgment of righteousness

See, the way to evil, balance equality in no man

For no man is good and bad at the same time

Either you good, or you bad
