(Radney Foster/Harlan Howard)

Baby, it's a scary old world we're livin' in  
Sometimes it's hard to tell who's really your friend  
But there's not much that I'm sure of but one thing's the  
Gospel truth  
I wouldn't be so damned afraid of what's on the evenin'  
news  
If I could just wake up every mornin'  
Lyn' next to you

Yeah, hold on to me another minute  
Treasure every second while we're in it  
This love so strong  
Baby, let it linger on  
Hang on tight, let's chase tomorrow  
Share the dreams, survive the sorrow  
This scary old world, baby, honestly  
Could sure use lovers just like you and me

Baby, I think it's time we made our move  
And do the things that only true lovers do  
And I need you right here with me, very single step  
I'll give you this heart and soul and pray that God will  
help  
And be our shelter from the storm  
Till my dyin' breath

Yeah, hold on to me another minute  
Treasure every second while we're in it  
This love so strong  
Baby, let it linger on  
Hang on tight, let's chase tomorrow  
Share the dreams, survive the sorrow  
This scary old world, baby, honestly  
Could sure use lovers just like you and me

Yeah, hold on to me another minute  
Treasure every second while we're in it  
This love so strong  
Baby, let it linger on  
Hang on tight, let's chase tomorrow

Share the dreams, survive the sorrow  
This scary old world, baby, honestly  
Could sure use lovers just like you an me

Just like you an me  
Just like you an me

Baby, just like an me  
Just like you an me
