Last time baby you slammed the door, You walked out I
walked the floor
Now you're back to mess my mind, Baby whaddayou
want from me this time

We had love but not for long, That was then and now
it's gone
Last time I got left behind, Baby whaddayou want from
me this time

Chorus:
Whaddayou want from me this time, Whaddayou think
you're gonna find
I'm not tryin' to be unkindâ€¦. But whaddayou want
from me this time

Our love had it's rise and fall, Now it don't hurt much at
all
Now my love's not near as blindâ€¦. Baby whaddayou
want from me this time

Chorus - - - - -

Bridge:
You say things have changed but that's pretendingâ€¦.
Baby
Love don't always have a happy ending, baby..

Chorus - - - -
