What a beautiful day (hey hey)
I'm the king of all time
And nothing is impossible
In my all powerful mind

It was on the fifth of November, when time it went back
Some say that that's impossible, but you and I will
never looked back
And wasn't it incredible, so beautiful and above all
Just to see the fuse get lit this time
To light a real bonfire, for all time
And what a beautiful day (hey hey)
What a beautiful day
And nothing is impossible
In my all powerful mind

I was drinking in my night club
It felt good to be back
When Hepburn said I love you
And Flynn said, make mine a double jack
Was then we planned the revolution
To make things better for all time
And when Guevara said that was crazy
And ordered up a bottle of wine

And what a beautiful day (hey hey)
What a beautiful day (it's a beautiful day)
And nothing is impossible
In my all powerful mind

And what a beautiful day (hey hey)
I the king of all time (it's a beautiful day)
And nothing is impossible
In my all powerful mind

In there on the big screen, every night I've seen
The way all things could be
For me, for me, etc.....
The news broke after midnight,
That we pulled the temples down without a sound
But the generals they were hiding out

The ministers, Well! They'd all gone to ground
Wealth re-distribution, became the new solution
So I got a paper bag, but you got the one with all the
holes

And what a beautiful day (hey hey)
What a beautiful day (it's a beautiful day)
And nothing is impossible
In my all powerful mind
(What a beautiful day) What a beautiful day
I'm the king of all time (it's a beautiful day)
And nothing is impossible
In my all powerful mind
Oh yea, nothing is impossibe
In my all powerful mind
That's because nothing is impossible
In my own powerful mind
