if your smiling you'd better smile, for us all
if your laughing you'd better laugh, for us all
well you better from now on
yeah you better from now on
if your thinking you'd better think, for us all
if your talkin you'd better talk, for us all
well you better from now on
yeah you better from now on
if your dancing you'd better dance, for us all
if your learning you'd better learn, for us all
well you better from now on
yeah you better from now on
if your lying you'd better lie, for us all
if your crying you'd better cry, for us all
well you better from now on
yeah you better from now on
cos we all need you
hope you need us too
if your singing you'd better sing with us all
and if your swinging you'd better swing with us all
well you better from now on
yeah you better from now on
if you think you can carry on
cos we all need you
and we hope you need us too
